VENIRE DRAWN IN WARE CASE

Thirty-Five Summoned For Trial Of Robbery Charge On July 12th

A venire of thirty-five prospective jurymen was drawn in Superior Court Friday morning and its members are being notified by the sheriff to appear July 12 for possible service as jurors in the trial of Webster E. Ware, charged with robbery and with assault with a deadly weapon.

Ware, for whom Attorney C. W. Pearson was appointed counsel by the court, has denied his guilt on both charges and is held in jail in lieu of bail set at $1,500 by Justice of the Peace T. F. Lewis at the preliminary hearing.

The charges arise out of Ware's asserted holdup of Don Scalzi, proprietor of the Hangman's Tree Cafe, on the morning of Sunday, June 11th, following a difference of opinion between the two as to the amount of wages owed Ware by Scalzi for whom he had been doing some painting.

The members of the venire are:

George O. French, Miller Jones, George Campini, Will O. Upton, Walter Learn, Della Baum, V. Delaney, Charles A. Clark, Sophie McNie, Opal Miller, Elta Ellis, A. Dagostini, C. W. Darrington, Albert Engesser, Elmer Clark, Henry Walker, G. W. Dean, A. H. Greeley, William Myers, J. W. Juvenal, Albert Hiser, John Kraul, Hazel Beckett, S. J. Francis, J. W. Lee, L. R. Enzler, Leah Cornelius, Mae Higgins, Lyle Buys, Nettie Forni, J. W. Lessley, Leonard Larsen, Kenneth Dodds, R. W. Toops and Thomas Dormody.

Relief Measure Near Approval

House Okehs Compromise And Rushes Bill To Senate As Year Ends

WASHINGTON, (UP)—The house today approved a compromise agreement on the $1,755,600,000 relief bill for 1940 and rushed it to the senate before the fiscal year ends at midnight.

The senate was expected to act during the day to send the bill to President Roosevelt for signature and make funds available to finance WPA during the 1940 fiscal year which begins at 12:01 a. m. tomorrow. All WPA workers, however, will be on holiday until July 5.

The bill carries $1,477,000,000 to provide jobs for a rough average of 2,000,000 relief clients during the fiscal year. WPA during this fiscal year received $2,250,221,000 for an approximate average of 3,000,000 workers.

Senate and house conferees, working under pressure, agreed on the compromise last night.

Heads N. Y. G-Men

Inspector P. E. Foxworth, of the Federal Bureau of Investigation, is new chief of the G-men in New York, appointed to succeed Dwight Brantley. Foxworth, 32, who prefers to be known as "Sam," was in charge of investigation of former Federal Judge Martin T. Manton.

FRED PEASLACK IS DEAD

Former Eureka Editor, Organizer For Druids, Passes At Yountville

Fred E. Peaslack, 61, who was best known in California for his important contributions to the success of California Grove No. 1, Druids, died Thursday at the veterans hospital at Yountville.

A Spanish War veteran and a member of Holland Laidler Camp, United Spanish War Veterans, of Sacramento, Mr. Keaslack had been removed to the Yountville hospital about a month ago after suffering a stroke.

Formerly editor of a newspaper at Eureka, Humboldt County, Mr. Peaslack had made his home for the past quarter of century in Sacramento, where he also was a member of Walhalla Grove of Druids.

Active in the political field, Mr. Peaslack's interest was not limited to Sacramento county contests, nor to the state campaigns, and he had done much work in elections in recent years.

For many years he had been a state organizer for the United Ancient Order of Druids and in this capacity made many friends in El Dorado County where his contributions to Druidism went beyond the field of membership and included an active participation in Druid affairs in this district.

Many years a member of the order, Mr. Peaslack was especially devoted to California Grove No. 1, because of its historic importance as the first unit of the order in California and often devoted his time and energy to insuring the success of various undertakings of the local grove because of his interest in the Number One grove in the state.

Within recent years the special recognition which has been given members of California Grove by the Grand Grove may be said to have resulted, in some measure, from Mr. Peaslack's interest in Druidism in general, and in the welfare of the order in Placerville in particular.

Mr. Peaslack's residence at Sacramento was at 1615 Eighth street. He is survived by his wife Mrs. Thursa A. Peaslack; a sister, Mrs. Marie Tanner, of Florence, Kentucky; and three brothers, Hugh, of Ft. Oglethorpe, Ga; and Oscar and Henry Peaslack, of Newport, Kentucky.

The arrangements for the funeral services are in the care of the George L. Klumpp chapel, at 808 O Street, in Sacramento.

Lola E. Green has brought suit for divorce from Chester E. Green, charging cruelty. The complaint, prepared by Attorney C. W. Pearson and on file Friday in Superior Court, states the couple wed March 27, 1927, in Orange county, have one child and community property consisting of an automobile. They separated June 26, last. Plaintiff asks the care and custody of the child, an award for its support, and the community property.

Vera Hubbard is the plaintiff in a divorce action filed Friday by Attorneys Lyon and Roberts against Charles H. Hubbard, charging cruelty. The complaint says the couple wed January 29, 1938, at Oakland and separated June 22, last. They have no children, no community. Plaintiff asks leave to resume her former name, Vera V. Cruise.

16,500 PEOPLE IN COUNTY

98.19 Population Gain Since 1930 Is Noted By State Controller

Population of El Dorado County has increased an estimated 8,175 persons since the 1930 census, says a press release from State Controller Harry B. Riley for publication June 30 in a report showing a statewide increase of nearly 19 per cent. The figures, based on estimates of county auditors, are contained in Riley's report of city and county financial transactions for 1938.

El Dorado County's population rose from 8,325 in 1930 to 16,500 last year, the report indicates, an increase of 98.19 per cent.

Population of the state jumped 1,076,732 to a new high of 6,753,983 persons in 1938 as compared to 5,677,251 in 1930. California's increase in the eight-year period nearly equalled the entire population of the state of Florida shown in the last Federal census.

Los Angeles county, the most populous in the state, experienced the greatest increase of the fifty-eight counties, an estimated 159,750 persons. San Diego county made the second largest gain, 147,681; Alameda county was third with 125,117; San Francisco, fourth with 102,606; and Santa Clara county, fifth with 51,882.

Twenty-one counties registered an increase of 10,000 or more population. Five of the smaller counties more than doubled their population; one of them, Trinity county, nearly trebled its number of residents, Controller Riley's report reveals. Smallest county in California is Alpine with 550 residents, an increase of 309 since 1930.

Senate Holds Money Bill

"Legitimate Debate" Will Prevent Action Before Midnight, Said

WASHINGTON, (UP) — Acting Republican senate leader Warren R. Austin said today that "legitimate debate" on the monetary control bill would prevent its enactment before the midnight deadline.

President Roosevelt, speaking as congress rushed action on the critical monetary and relief bills, declared that the people of the nation would readily understand the situation if Republicans decided to filibuster his monetary powers to death tonight.

Senate Republicans met in the office of Sen. John G. Townsend, Jr., R., Del., to discuss the monetary situation but insisted no effort was being made to organize a filibuster.

Sen. Wallace H. White, R., Me., said that a number of senators would speak on the conference report and predicted that it could not be enacted before the midnight deadline.

SOIL CONSERVATION UNIT FOR NORTH SIDE IS ANNOUNCED

Co-operating in the consideration of forming a soil conservation district in the county under the state Soil Conservation Districts Act, residents of the Cool vicinity have named a committee of three, with Supervisor Carl Niegel as chairman, to make a further study of the matter.

Other members of the committee are John Arthur and L. R. Enzler.

The proposed soil conservation district as it relates to the south side of the county will be discussed at a meeting of the South Side Farm Center tonight at the Summit school and if a sufficient interest in the subject is apparent, a committee will be appointed in that district.

Previously a committee having similar purposes was appointed in the Placerville district and it is understood that a joint study by the three committees may be undertaken.

William James, of San Francisco, former Placerville resident and present owner of the Red Wing mine, is here for the Fourth of July weekend. Mr. James reports he operated the first garage in Placerville, which was on a site opposite the Morey foundry, on lower Main Street. He moved from this city in 1911.

Merchants Are Warned About Taking Checks

A warning against accepting checks during the holiday season from persons whom they do not know or who are not properly identified was given Friday morning by District Attorney Henry S. Lyon.

"It is an old trick of the bad check writer to take advantage of banking holidays such as the one we are approaching to present and cash worthless checks. Then by the time the banks are opened and the check is found to be worthless, the check writer can be many miles away," Mr. Lyon said.

"Banks will be closed from Saturday noon until Wednesday morning in observance of the July 4 holiday and I advise all business people that it is in their interest to be positive of the responsibility of parties for whom they cash checks."

WOODEN BOXES SAVE FREIGHT

Forest Products Laboratory Reports Marked Savings For Consuming Public

MADISON, Wis. — The work of engineers at the U. S. Forest Products Laboratory, is improving the strength and serviceability of shipping boxes and crates has developed methods of constructing the lightest and cheapest containers that that will deliver their goods with the minimum of damage. They have saved billions of board feet of lumber by more efficient utilization and brought about marked savings to the consuming public in freight handling charges.

By the use of efficient types of testing machines at the laboratory it is often possible to redesign a container so as to reduce the amount of material required, to save shipping weight and warehouse space, and at the same time to make the container stronger and cheaper. A drum testing machine, termed a "mechanical baggageman," is designed to reproduce all the hazards of transportation. In it boxes and crates, loaded with the commodities to be shipped, are subjected to cycles of falls that cause stresses in all parts of the container. These tests show that the joints and fastenings are the chief weaknesses in wooden boxes and crates and that boxes made of relatively thin lumber and properly nailed are stronger and more serviceable than if made of heavy lumber and poorly nailed.

The tests also show that it is necessary to use high-grade lumber to produce boxes having maximum strength. Even low-grade lumber containing knots and knot holes can be successfully used for boxes. Although knots and holes reduce the breaking strength of lumber, the presence of such defects in box parts, other than at the nailing edge, seldom reduces the strength of the box unless the knot or hole occupies more than one-third of the width of the board.

Amended Complaint In Butts Vs. Patton

An amended complaint in the suit brought by Enos D. Butts, of Diamond Springs, vs T. G. Patton and others, relative to the affairs of the Gold Company, Ltd., was filed on Thursday afternoon by Attorney T. S. Marlor.

The complaint was amended by leave granted by the court in sustaining a demurrer to the original complaint. The amended complaint asks that the names of the stockholders be ascertained and that the affairs of the company be examined.

Soviet Army Games To Be Near Leningrad

MOSCOW, (UP) — Soviet military maneuvers annually scheduled for September and hitherto held in the Ukraine or White Russia will be held in the Leningrad area this year, it was announced today. Foreign circles interpreted the announcement as a Soviet gesture asserting her place on the Baltic.

In two exhibition softball games played Thursday evening, the Placerville Cubs defeated Diamond Springs girls, 3 to 1 and Auburn Lumber Company lost to the El Dorado Pioneers, 19 to 11, at M. P. Bennett, Jr., Memorial Park.

Mrs. Don Thomsen came up from Mill Valley Thursday evening and will be joined Saturday with the home folks.

CHECK SUSPECT JAILED FRIDAY

Sheriff, Highway Patrol Co-Operate To Arrest Kansas City Salesman

Adam Eugene Snyder, 58, alias Rudders, was arrested at Folsom Friday morning and lodged in the El Dorado County jail shortly after noon under charges of issuing worthless checks aggregating $30 at Hotel Raffles.

Snyder was halted at Folsom by the California Highway Patrol after an "all-points" bulletin had been broadcast by the highway patrol radio station at Sacramento at the request of Sheriff George M. Smith.

Manager Lloyd Raffetto, of the Raffles, notified the sheriff's office Friday morning that Snyder, alias Rudder, had presented three checks and Mr. Raffetto said he had made inquiry by telephone of the bank at San Mateo on which the checks were drawn and was informed that Snyder had no account with that bank.

In response to this information, Deputy Sheriff Ralph Jones was assigned to the case and upon a search of the room which Snyder and his wife had occupied was able to find a receipt for the purchase of gasoline which gave the license number of their automobile.

This information was broadcast to the state highway patrol with the result that their car was halted near Folsom and Snyder was returned here shortly after noon by Sheriff Smith and Deputy Jones.

The officers report that Snyder has served two county jail terms previously on similar charges, one being served at Reno, the other at Los Angeles.

Snyder is said to be a salesman for a Kansas City concern.

Thomas Young Is Summoned

Placerville Cobbler, Native Of Iowa, Stricken Early Friday

Thomas A. Young, 76, who operated a shoe repair shop on Main Street below the postoffice, passed away early Friday. The body is in the care of the Dillinger chapel and arrangements for the funeral services are pending.

Mr. Young had not been feeling well for several days when he was removed to the hospital on Monday of this week.

A native of Iowa, born February 25, 1863, Mr. Young was a blacksmith in his earlier life. He came to this county in 1922 and some years later purchased the shoe repair business of Joseph Mathers.

He was a member of Pacific Lodge No. 469, F. & A. M., of Zaring, Iowa, and also a member of the Fraternal Order of Eagles in an Iowa aerie.

In Placerville, he was a member of St. James Chapter, No. 16, R. A. M., in which he also had been an officer; a member of El Dorado Commandery No. 4, Knights Templar; and, at Sacramento, a member of Ben Ali temple of the Shrine.

Mr. Young has surviving relatives in Iowa who are being notified of his passing.

DOCTOR LANDS PLANE IN TAHOE MEADOW, TAKES OFF AGAIN

A Lake Tahoe cow pasture became an airport on Wednesday of this week when Dr. D. W. Babcock was called to Lake Valley to attend Miss Helen Hardie, Lake Valley school teacher.

Miss Hardie's illness was chronic and Dr. Babcock went to Lake Valley in his airplane, converting a lakeside meadow just across the Nevada line at the south end of the lake, into an airport.

Deciding upon hospitalization of the patient, he placed her in his plane, took off again, and within ten minutes less than an hour landed at Sacramento.

Miss Hardie, the doctor said Friday, is resting easily and responding readily to treatment.

Lester Barrett, of Shingle Springs, has been committed to the county jail for a period of six months as the result of his violation of the terms of probation extended on the occasion of a previous arrest for disturbing the peace.

"Mars" Flier

This is the 22-year-old Philadelphia boy who thought he could fly the Atlantic in a plane he rented at Camden, N. J., for $6. The lad, Cheston Eshelman, was rescued 250 miles out at sea after his oil line broke. On taking off he announced he was going for a "trip to Mars."

JAPS DESTROY U. S. MISSION

School Bombed Despite Display Of Two Large American Flags, Said

TIENTSIN, (UP)—Japanese planes bombed and set fire to the American Mission Union high school at Foochow, dispatches said today as the British gunboat Grasshopper landed 36 bluejackets at the blockaded port to protect British property.

The Japanese planes flew low over the mission, the disuatches said.

One bomb struck the west corner of the school and set fire to it. Most of the building was destroyed, it was said.

Dr. A. W. Billing and his wife, the only Americans at the school, were reported unharmed. It was believed they and others were taking shelter in dugouts.

The bombing was part of a heavy Japanese aerial bombardment of the center of Foochow. Other planes bombed inland ports and Chinghai port of Ningpo, up the coast.

American consulate general officials at Shanghai presented a protest to the Japanese against the bombing of the mission school.

Official advices at Hong Kong said that the 36 British bluejackets from the Grasshopper were landed at the request of the British consul.

A blanket Japanese blockade had been imposed at the port at noon yesterday and Japanese had said that they would not be responsible for safety of foreign property or warships.

EUROPE NEARS NEW CRISES

Hitler To Attempt To Take Danzig, Delay Action On Corridor

BERLIN, (UP)—Fuehrer Adolf Hitler plans to visit Danzig between July 20 and 30, well-informed Nazi sources said today.

These sources believe the Danzig problem will reach its climax late in July or early in August, when Danzig will be returned to the Reich without a general European war.

Nazi sources do not believe that Germany at present is linking Danzig with the Polish corridor question, but will be content to solve the latter after Danzig has been regained.

FRANCE ALERT

PARIS, (UP) — Premier Edouard Daladier today summoned the cabinet to meet, as a formal council of ministers under President Albert Lebrun tomorrow to consider the Danzig and other European problems and financial matters pertaining to the national defense.

BRITAIN FIRM

LONDON (UP)—The government of Prime Minister Neville Chamberlain today led a campaign of official declarations and newspaper comment warning Germany against future aggressive expansion in Europe.

Speeches and editorials called for a firm stand against aggression and asserted in strong terms that Britain is now rearmed and ready, if necessary, to fight.

The officially-led campaign appeared to be designed to convince the Nazis that Britain was determined to accept any war-like Nazi challenge and thus to ward off the possibility of an explosion at Danzig, although the British are not committed to protect Danzig unless the Poles choose to go to her aid first.

An unconfirmed report circulated in parliamentary quarters that the government intended to widen the conscription plan, now confined to men of 20 years of age.

Reports indicated that the fleet was ready for action. The air force, expanded in recent months beyond all hopes of the most optimistic government leaders, made ready for the biggest maneuvers in history July 8.

Diamond Sp'gs. Man Stricken

Funeral Services On Saturday Afternoon For Sam G. Willis

Samuel Glover Willis, 35, of Diamond Springs, died Thursday afternoon at a hospital in Sacramento to which he had been removed two weeks ago for an operation for appendicitis.

The funeral services will be held at 2 o'clock Saturday afternoon from Memory Chapel. Rev. John Dunlop will have charge. Burial will be at Union cemetery.

Mr. Willis' condition was reported as being serious by his doctors at the time he was admitted to the hospital. His appendix was found to have burst and peritonitis was noted at the time of the operation.

Deceased was a native of Waco, Texas, born January 2, 1904. He had lived in California for thirteen years and during the last fruit season was employed at the P. F. G. A. packing shed.

He is survived by his wife and three small children.

STEWARDS TO SUPERVISE CONVICT MEALS AT TWO PRISONS

SAN FRANCISCO, (UP)—A daily check of food purchased, prepared and served at San Quentin prison will be made by an inspector of the department of public health.

John Gee Clark, chairman of the state prison board, after a conference with Gov. Culbert L. Olson, said Inspector N. C. Leone had been assigned to the job. He added that a steward will be appointed at Folsom to supervise menus for the prisoners.

FIRES IN FORESTS ALL READY 44 PER CENT ABOVE NORMAL THIS SEASON, JULY 4 CELEBRANTS WARNED

SAN FRANCISCO — Uncle Sam believes one hundred per cent in the safe and sane Fourth of July Act recently passed by the Legislature. This law is not yet in effect so once more he reminds the younger generation, and their dads, that fire works must not be taken into the national forests. This means fire crackers of all sizes and kinds—Roman candles, skyrockets, pinwheels, bombs and balloons operated with candles or flame of any kind. It's tough on the kids but it's better to be safe than run the risk of burning up the camp ground.

There is more reason to be careful than usual this season, according to Regional Forester S. B. Show. To date the number of fires in the national forests of California are 44 per cent above the normal for this time of year. For the state as a whole the State Division of Forestry shows a more serious situation than the national forests. According to reports from the State Forester 22,910 acres have been burned over to June first which is twice the area burned last year and five times as much as in 1937. There have been 839 fires to that date, which is in excess of the two previous years in the same proportion as the acreage burned.

The reason given by both the federal and state forest officials for this condition is sub-normal precipitation during the winter and early spring with drying winds which has caused the grass, brush and forest cover to become tinder dry. Thunder storms and high temperatures have added to the fire danger.

Lecture Given At Clubhouse

"Christian Science: Its Compassionate And Loving Ministry" Is Subject

A lecture on "Christian Science: It's Compassionate and Loving Ministry," was given recently at the Shakespeare Clubhouse by Charles V. Winn, C.S.B., of Pasadena, a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

A summary of the lecture follows:

Many centuries ago there came to the world a man sent of God, a messenger of nope, a servant of the Most High, bringing to humanity a gospel of joy and healing. This man, Jesus the Christ, brought to the world the highest concept of God, the noblest concept of man, that had ever come to the human consciousness. He not only set forth his sublime teachings with clarity and love, but he demonstrated their truth with undeniable proof and works. He came, not only preaching God's infinite love, but showing us plainly how everyone can share in the boundless love of the Father. His great compassion and sublime tenderness found utterance in that gracious invitation, "Come unto me, all ye that labour and are heavy laden, and I will give you rest." Was this invitation intended only for those of Jesus' day and time? No! Truth is universal and eternal. It's message is for all people and climes, and the Christ is still saying to all earth's children, Come unto me and ye shall find rest from all your woes, your sorrows, your sins, and your diseases, through the power of God, here and now.

True Ministry

The word "minister" means "to do things needful or helpful; to render aid; to be serviceable; to give or supply something." No matter how successful and efficient one may be, there comes a time in everyone's life when his human efforts fail him. He is inevitably forced to reach out to some power beyond and above himself in order to overcome his difficulties. While this may seem to be a time of discouragement, it is really a period of great hopefulness. The man who reaches the place in his mental journey where he sees the futility of mere human will, the inability of the human intellect to guide him aright, the utter failure of material means and methods to heal him, the inability of material pleasures and sensual indulgences to bring true happiness, has taken the first step toward his deliverance. It is right here that the compassionate and loving ministry of Christian Science comes to his aid, strengthens his courage, exalts his hope, supplies that which is needful, and leads him forward and onward.

Having reached this point of conviction that there is a divine power beyond and above the human and that this power is adequate to supply that which is needful, the the next step is to learn the nature of that power and how that power can be practically applied to our human needs. It is here that the compassionate and loving ministry of Christian Science comes to our aid and teaches us the true nature of God or the supreme power of the universe. Surely we cannot avail ourselves of this supreme power unless we understand the nature, character, and essence of that power. Our ability to lay hold upon this power is in direct proportion to our comprehension of it. In Psalms we read, "God hath spoken once; twice have I heard this; that power belongeth unto God." Then the more we understand about God the more practically we can utilize His power.

Definition of God

In the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p.465), we have thie definition of Deity: "God is incorporeal, divine, supreme, infinite, Mind, Spirit, Principle, Life, Truth, Love." This clear, succinct definition of God has not only blessed the vast number of persons who have become Christian Scientists, but is rapidly transforming false theological beliefs and is leavening the whole of human thought.

"Sing, O heavens; and be joyful, O earth; and break forth into singing, O mountains: for the lord hath comforted his people, and will have mercy upon his afflicted.." These words from Isaiah comprised the Golden Text used Sunday, June 25, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientists, in Boston, Mass.

The subject of the Lesson-Sermon was "Christain Science." Included among the Scriptural selections was: "And by the hands of the apostles were many signs and wonders wrought among the people; and they were all with one accord in Solomon's porch.

There came also a multitude out of the cities round Jerusalem, bringing sick folks, and them which were vexed with unclean spirits: and they were healed every one'" (Acts 5: 12, 16).

The following passage from the Christain Science textbook,"Science and Health with Key to the Scriptures" by Mary Baker Eddy, was also included: "Truth is widely demonstrated as an immanent, eternal Science, instead of a phenominal exibition. Its appearing is the coming anew of the gospel of 'on earth peace, good will toward men.' This coming, as was promised by the master, is for its establishment as a permanent dispensation among men; but the mission of Christain Sceince now, as in the time of its earlier demonstration, is not primarily one of physical healing. Now, as then, signs and wonders are wrought in physical disease; but these signs are only to demonstrate its divine origin,—to attest the realty of the higher mission of the Christ-power to take away the sins of the world" (p. 150).

NATURALIZATION TEST PASSED BY NINE ON THURSDAY

In a hearing before Judge George H. Thompson on Thursday, nine applicants for naturalization were passed and the applications of five others were, for various reasons, continued.

Some of those who failed to pass were continued for further hearing, and some of them could not be passed because of the absence of certain records which they must present.

The nine whose applications were approved after hearing are Joseph G. Leal, Inge Wickstrom, Fedelina Bacoccini, Thomas G. Christensen, Ethel Esther Olmstead, Max H. G. Schaefer, Edward C. Bateman, Geo. A. Weigt, and Karl G. E. Gustavson, who will wear the U. S. colors at the international ski competitions in 1940 in his native Norway.

Dr. and Mrs. Thomas Lewis are expected this evening from San Francisco to spend the holiday period with the former's parents, Justice of the Peace and Mrs. T. F. Lewis.

Solomon: a Ruler Who Began Well

HIGHLIGHTS ON THE SUNDAY SCHOOL LESSON

9-1

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for July 2 is I Kings 3:5-15, the Golden Text being I Kings 3:9, "Give therefore Thy servant an understanding heart to judge Thy people, that I may discern between good and bad.")

WITH THE death of Paul we return in today's lesson to the Old Testament and study the lives of some of its famous characters. We begin with Solomon, son of David, whose wisdom is a by-word, even today. His reign began well, but he did not always do what was right.

Solomon really got the throne by a trick of his mother's. King David was an old man, nearing his death, and one of his sons, Adonijah, whose mother was Haggith, decided to make himself king. You remember Absalom, the dissolute son, whom David loved so much and who was killed when his horse ran under a tree and his long hair caught in the branches? Well, Adonijah was his younger brother. You see, in those days, kings had several wives, so naturally when the old king was dying, there was a great rivalry among them to place their own sons on the throne.

Solomon's mother was Bathsheba, and to her went Nathan, a prophet, and told her that Adonijah had set himself up as king and was feasting with his followers. "David, the king, knoweth it not," he told her, and then proceeded to direct her as to how she should act. So she went to the king and "made obeisance" before him, and when he asked her what she wanted she said she wanted him to make Solomon his heir to the throne. She also informed him that Adonijah had declared himself king without him, David, knowing about it.

Nathan Reports

Then Nathan came in and also bowed to the ground before King David and told him the same thing. So David, no doubt being angry at Adonijah, swore by all that was holy that Solomon should succeed him. So Nathan and the other priests put Solomon on King David's own donkey, and led him forth into the street and annointed him with oil from the altar, and blew on the trumpet announcing that he was king and all the people said, "God save King Solomon!" Someone went to Adonijah and told him the tidings, and he and all those who had hailed him as king were very much afraid, and Adonijah was so frightened that he went and caught hold of the horns of the altar, hoping that his life would be spared if he were in a holy place.

When Solomon heard of it he said, "If he shew himself a worthy man, there shall not an hair of him fall to the earth; But if wickedness shall be found in him, he shall die." Adonijah then came down from the altar and bowed himself before Solomon, who said to him, "Go to thine house."

Now when King David felt he was going to die, he gave Solomon some very good advice. "Be thou strong therefore," he told him, "and shew thyself a man.

"And keep the charge of the Lord thy God, to walk in his ways, to keep His statutes, and His commandments, and His judgments, and His testimonies, as it is written in the law of Moses, that thou mayest prosper in all that thou doest, and whithersoever thou turnest thyself."

"And Solomon loved the Lord, walking in the statutes of David his father." And he went to Gibeon, because it was "the great high place" and offered burned offerings on the altar. And while he was at Gibeon he dreamed that God came to him and said, "Ask what I shall give thee?"

Now Solomon was only about 17 or 18 years of age at this time, and he felt very young and inexperienced, so he answered: "I am but a little child, I know not how to go out or come in; Give therefore Thy servant an understanding heart to judge Thy people, that I may discern between good and evil for who is able to judge this Thy so great a people?"

The Lord Pleased

This speech pleased the Lord because Solomon had not asked things for himself, so he told him he would be the wisest king that ever was and also would be rich and famous.

Do you know the story of the two women who came to Solomon with a dead and a living child, each claiming that the living was theirs? King Solomon told them they should cut the child in two and each take half, well knowing that the real mother never would allow her child to be harmed, but would rather give it to the other woman. And so it was, the real mother pleading that the child's life be spared even if she had to give him up to the other, and the imposter willing that the baby should die. The king, of course, gave the child alive to its own mother.

So wise was Solomon that his sayings were quoted all over the civilized world. The beautiful Queen of Sheba heard of him and went with a great retinue and many gifts to see him. She asked him many hard questions and he answered every one; so she went home amazed at his wisdom.

And Solomon built himself a wonderful house and he built the temple, both magnificent structures, and he spake three thousand proverbs, and his songs were a thousand and five."

Solomon reigned for 40 years, and then died.

Copyright, 1939, King Features Syndicate, Inc.

King David, being an old man and feeling he was about to die, made his son, Solomon, king and told him to be strong, to shew himself a man, and to walk in God's ways, keeping His statutes and commandments.

After his father's death, Solomon went to Gibeon, "the great high place," to offer sacrifices and to burn incense to the Lord, because in those days there was no temple in which the people might worship God.

And while Solomon was in Gibeon after he had made "a thousand burnt offerings," he had a dream in the night in which the Lord appeared to him and asked him what he wanted more than anything else.

Solomon was only seventeen or eighteen years of age, and felt very young and inexperienced, so he asked God for "an understanding heart," so that he might rule his people wisely.

(GOLDEN TEXT—I Kings 3:9.)

LOTUS

The past week has been somewhat warm. The mercury rose from 95 to 104 on Thursday last, our hottest day to date for the present month. Although with all these warm days, nice light winds followed the heat.

In an item of last week we made somewhat of a mistake which we wish to correct. We said a card party would be given in Coloma on Saturday evening for the benefit of our Episcopal Church in Coloma. Our mistake was that the proceeds were to go toward the Episcopal Church in Placerville. Mistakes will happen, but we can say that the card party at Coloma was in every way a success. A large crowd was present and a very nice sum netted for the improvements at the Placerville church.

We had the pleasure on Saturday last of taking a ride over to Greenwood creek with Wm. Fox, mining man, to look at the dredger working on the Bacchi lands which Mr. Bacchi recently sold. This is surely some plant to look at and lots of work is being done. The company has three shifts of men working day and night. After we got through looking at the plant we drove down to the Othick mine near Coloma which is also operating on a large scale under a mining company with Mr. Derrick overseeing the work. Mining activity is getting to be all the go around here.

We are asked by our friend Geo. Fountain, our Lotus and Coloma worker for the $30 a week Retirement Pension Plan to state that a meeting will be held sometime early in July at the Community Hall in Coloma. A good speaker will be on hand to talk to the people about the plan. Come out and hear what this man has to say. Everything is free and a good crowd is looked for. Watch for the date.

The past week, owing to the weather, our Lotus swimming pool has been well patronized. Parties come from Sacramento and all over the county to spend a few hours in the water of the South Fork of the American River.

Loring White, fruit and vegetable inspector, came up from Vacaville on Sunday last and spent a few hours here with his mother, Mrs. Jessie White. He returned in the afternoon, taking his mother with him to Vacaville where she will visit for a week.

Among those seen on our streets the past week were Ed Sayers, meter reader, Mr. and Mrs. Waldo Daniels and two daughters and his mother, Mrs. Meda Daniels, A. Camp, Gerald Rasmusson, his mother, Mrs. Mary Rasmusson, and his aunt, Miss Josephine Beckman, of Placerville; Miss Betty Couch and Elwin Kenney, of Sacramento. The Daniels went from their home to Sacramento Friday and on their return came through Lotus for a short visit at the Rasmusson home. We are pleased that Waldo, who has been on the sick list for the past five months is doing nicely and will soon be back at his work with the P. G. & E. Company in Placerville.

Mr. and Mrs. H. Fisdick, of Long Beach, called on the Frank Hines family Monday for lunch and a short visit.

Mr. and Mrs. Henry Bacchi and Mrs. Reaside drove to Gridley Tuesday.

Mrs. Agnes Ailman, of Placerville, was a Lotus caller Friday.

Archie Lawyer was down from Uncle Tom's Saturday bringing back to Lotus H. Goldsworthy who has been helping with some construction work at Uncle Tom's.

Charley Hines left for Wentworth Springs Thursday prepared to make a big catch for the Rod and Gun Club's banquet at Wentworth. Mrs. Harry Reaside, Mrs. Henry Bacchi, and Mrs. George Oviedo drove to Sacramento Thursday. Mrs. Oviedo continued to San Francisco by train while the other two ladies spent the day in Sacramento shopping.

Mr. and Mrs. Albert Simon were Monday callers at the Reaside home.

A group of horses owned by Bud Hines and bound for Lake Tahoe passed through Lotus Sunday.

Millie and Ed Bowman and Mr. and Mrs. Henry Bacchi and Mr. and Mrs. Harry Reaside made a trip to Sacramento Sunday to take in "Roarin' Camp." While there they noticed a number of relics of the Coloma and Kelsey districts on display.

Mr. and Mrs. Dick Ronzone and Miss Lois Calwell called on Aunt Lottie Galleher Saturday.

POLLOCK PINES NOTES

After a shut-down of eight weeks the Frank Brown planning mill resumed operations on Monday with plenty business for the season.

Norman Thomas, of near here, on Sunday fished near Twin Bridges and in a few hours returned home with six freshly caught trout whose combined weight was nine pounds and fourteen ounces.

Archie Pemberton purchased a Plymouth roadster recently and says he feels very independent with no more fear of tardiness "on the job."

The Carpenter sawmill will, it is thought, start operations on July 5th. This mill has been rebuilt from stern to stem in the past two months.

Two new houses are now under construction in the south end of town. Both are on the paved highway and both are nice buildings.

GOLD HILL NOTES

Tuesday noon a group of friends and neighbors gathered at the home of Mrs. Cora Miller for a potluck luncheon. Following the luncheon the afternoon was spent in games, enjoying the garden and visiting Those present were Mrs. Fred Brandon, Mrs. Erma Cook and daughter, Marie, Mrs. Alvin Marchini, Mrs. Andrew Marchini, Mrs. Clarence Wilkinson and daughter, Thelma, Mrs. Willard Wilkinson and daughter, Ruth, Mrs. Ed Odlin, Mrs. Maurice Chapman and daughter, Sharon, Mrs. Leo Akin and Lois Miller, besides the hostess, Mrs. Miller.

Miss Sophia Veerkamp, who teaches in Sacramento, is at the home of her mother, Mrs. Will Veerkamp, for the summer.

Mr. and Mrs. Oscar Fleming were in Sacramento Friday.

Mr. and Mrs. Edgar Kimble, of Camino, called at the Will Miller home Sunday.

Andrew Marchini and son Gene, represented Gold Hill at the gathering of fishermen at Wentworth Springs Saturday.

Mr. and Mrs. Albert Herzig, Jr., and sons, Albert and Phillip, made the trip around the Lake Sunday.

Mrs. Lee Veerkamp returned Sunday from San Francisco where for the previous week she was in attendance at the national convention of the American Librarians' Association. On Thursday she was one of the hostesses at a luncheon served on Treasure Island by the California Association to visiting librarians.

Mr. and Mrs. McCutcheon of Coloma, called on Mr. and Mrs. Oscar Fleming Sunday. Mr. and Mrs. Egbert Veerkamp, from the Rescue section, were there Saturday.

Miss Sophia Veerkamp, Mrs. William Veerkamp and Mrs. Stapleton, of Sacramento, went with Mr. and Mrs. Henry Panning to the Calaveras Big Treet Sunday.

Ed Ramsey, from Lotus, is spending several days with Mr. and Mrs. Charles Burke.

Mrs. Frances Nance, of Pilot Hill, calle dat the Oscar Fleming home the past week.

OMO RANCH

Mr. and Mrs. Harry Peterson and son, Walter, Lou Bacon and son, Mahlon, all of Oakland spent the weekend at the Mountain Quail Mine. Mr. Peterson is building a summer home on the creek near the Mt. Quail.

Wm. O'Connor was up from Stockton and spent Thursday at the Omo Lumber Company's saw mill.

A dainty little lady named, Margaret Lorraine, came June 18th to live with Mr. and Mrs. Joseph Crowe. She weighed six pounds upon arrival at the Placerville Sanatorium. Both mother and daughter are reported as doing fine.

Misses Dorothy and Evelyn Flick, of Sacramento, are spending their vacation with their father, C. W. Flick.

Mr. and Mrs. J. C. O'Neill and James Hansen were at Sacramento Saturday.

A demonstration on preparing and serving food was given Wednesday evening at the home of J. C. O'Neill. A most appetizing dinner was served to the following guests: Mr. and Mrs. Drake, Mr. and Mrs. A. D. Blue, Mr. and Mrs. James Wilkie, Mr. and Mrs. M. E. Parker, Paul Monteith, James Hansen and the host and hostess, Mr. and Mrs. O'Neill. The demonstrator, Mr. Carl E. Sparks displayed the entire equipment and showed how the dinner was prepared.

A. D. Blue went to Sacramento Saturday returning Sunday with a Plymouth car.

Mr. and Mrs. C. W. Flick and son, Richard, drove to Sacramento Saturday taking Mrs. Flick's mother, Mrs. Mills, home. Mrs. Mills has been spending several days with her daughter.

Mr. and Mrs. M. E. Parker and brother, Stanley, attended a movie in Placerville Saturday.

Louis Cooper, Pauline Wheeler, Don Campbell and Leona Barker all from Sacramento spent Sunday with Mr. and Mrs. M. E. Parker.

James Drake was shopping at Placerville Monday.

Mr. and Mrs. George Wetterau came up from Sacramento Saturday to visit her parents Mr. and Mrs. P. Lalor for a week.

Mr. and Mrs. R. O. Fanchor came from Rio Vista Friday for the week end at their mountain home on the Bar "F" ranch. Several of their friends joined them Saturday and Sunday for a barbecue picnic on Sunday. A goat and a veal were barbecued in their own barbecue pit. It was a jolly crowd and all enjoyed the barbecued meat and other food in abundance. Among those who enjoyed the day with Mr. and Mrs. Fanchor were Mr. and Mrs. R. E. Fanchor of Sacramento, Mr. and Mrs. M. J. Ferry of Oakland, Mr. and Mrs. W. A. Fanchor, Mr. and Mrs. L. Sousa and children, Edward and Donna May, Mr. and Mrs. John Kelly and daughter, Patsy, all of Ione, Mr. and Mrs. Claud Strawbridge and son, Robert, Mr. and Mrs. Jerry Sessions and daughter Ruth from Sutter Creek, Mr. and Mrs. A. Pinotti and daughter Guilda from San Andreas, Mr. and Mrs. Robert Wallace from Rio Vista, Mr. and Mrs. Ben Black from Sacramento, Miss Marie Chaix from Latrobe and James Ardetti of Omo Ranch. All remained until evening returning to their various homes by moonlight.

SUMMIT NOTES

The Dramatic Club will hold rehearsal on Wednesday evening, June 28th, for a play, "Pokey Huntus," to be presented at the meeting of the South Side Farm Center on Friday, June 30th, at the Summit schoolhouse.

We were grieved to hear of the death of Mrs. Fink's mother, Mrs. Ida Sweeney, last Friday in Pleasant Valley. She was a pioneer resident of Gold Hill district, having moved there with her prents in 1852. Later she moved to Placerville where she made her home with a son. She died at the home of her daughter, Mrs. Fink.

The Missouri Flat Wednesday-Thursday Club held their annual picnic at the home of Mrs. McCoy on Texas Hill Road. A delicious lunch, including home made ice cream, was served under the trees after which an enjoyable social time was spent by all. Those present were: Mrs. Juvenal, Mrs. Dunn, Mrs. Boles, Mrs. Engstrom, Mrs. Lewis, Mrs. McWhirtor, Mrs. Speegle, all of Missouri Flat, Mrs. Boll and Mrs. Seidell of El Dorado and Mrs. Bradford, Mrs. Boyer and Mrs. McCoy of Summit also a number of children.

BANKS PERMITTED TO ADOPT 5-DAY WEEK AFTER SEPTEMBER 19 IN BILL APPROVED BY RECENT LEGISLATURE

By JOHN W. DUNLAP
United Press Staff Correspondent

SACRAM....NTO, (UP) — Discord within the ranks of labor and a strong front by business an dagriculture prevented enactment of any major labor legislation by the 1939 legislature.

In contrast to a dozen or more important bills killed, the only outstanding measures sent to the governor were the Yorty labor mediation bill, permitting the department of industrial relations to be called in to mediate, and the five day banking bill, which Governor Culbert Olson signed.

The Yorty bill was the only one of several mediation bills to survive. It is strictly a permissive measure, giving the department power "to investigate labor disputes and mediate, arbitrate or arrange for the selection of boards of arbitration; providing all bona fide parties to such dispute join in a request for intervention by the department." The bill originally said the department "shall" etc.; was amended to read "may" investigate, and finally was changed to the above language.

The Biggar bill passed by the senate but killed in assembly in committee would have set up a labor commission; the Weber bill killed by the assembly planned a similar California mediation board.

Assemblyman Ray Williamson, R., San Francisco, put through his banking bill to make it permissive for banks to close on Saturdays and give employees a five day week. Agricultural areas fought the bill on grounds it would handicap farmers coming to market on Saturdays. A practical handicap to the bill as it goes into effect Sept. 19 is the difficulty for one bank to close if others in the same town stay open.

COLOMA

(The editor's attention has been directed to an item in the Lotus correspondence carried in these columns last week in which the notes read to the effect that owing to advanced age, Grant Monroe will not attend to the Rasmussen brothers' irrigation this year. Without consulting the Lotus correspondent in the matter, we are quite sure that it was not his intent to misrepresent the matter in any way and after reading the notes we accept responsibility for the particular passage and attribute it to the circumstance that in setting the notes into type, a part of one sentence was included as part of another, with the result that some mis-representation appeared which was no fault of the correspondent. Grant Monroe is well able to do a day's work, and a willing and satisfactory workman when the terms and conditions of employment are mutually satisfactory.—Editor.)

Newton Grout, who has been very ill with an attack of jaundice and confined to his bed, is up and about again.

Mrs. Hattie Carpenter is up again from her home in Solano County, looking after her interests in the Othick gravel mine.

Tod Burgess and wife, of Sacramento, called on Coloma friends Sunday.

The death of Mrs. Ida Gale Sweeney took the last member of a pioneer family of Gold Hill, she being brought there overland by her parents, Mr. and Mrs. George Gale from Illinois in 1852. She grew up and lived there, with the exception of a short time spent in Coloma, until her marriage to Michael Sweeney, member of another highly respected pioneer family of that section and they moved to Pleasant Valley, this county, to make their home. She loved to meet members of the old Gold Hill neighbor families and talk over the long gone days of her girlhood, often telling the writer of attending school when taught there by her mother, the then Miss Adelaide Putman, in 1860, and Sunday school in the same schoolhouse, where for many years Wm. Vernon was superintendent, forming ties of friendship that endured to the end. A woman of fine character has gone from among us.

Andrew Marchini and son, Gene, attended the Rod and Gun club dinner at Wentworth Springs Saturday night and report a grand time.

Twenty-three tables were played at the card party given Friday night for the benefit of the Episcopal church restoration fund of Placerville and a tidy sum was realized.

Mark Burns, Jr., of Sacramento was a caller at the De Lory home Sunday.

W. H. Hall has turned the Poor Mine in Kelsey over to the Lone Star Gold Mines, Inc., of Nevada. Work started there last Thursday with Mr. Hall in charge. Four men are busy getting the machinery installed and a 200 foot shaft will be put down at once.

Henry Gallegher is very ill at his home here under the care of a nurse.

FIVE MILE TERRACE

Evon and Gory Stennett had as their guests the past week their mother, Mrs. W. Stennett, of Modesto, and sister, Mrs. E. M. Little, of Gridley. Mrs. Stennett and Mrs. Little left on Sunday morning for their homes.

Ralph Le Vitt was here from Camp Fourteen on Saturday, returning the same day. He reported that Dick has the measles.

Mr. and Mrs. Walter Le Vitt are under the care of their physician at their home here because of a serious throat infection. Mrs. Leavitt was taken ill on Friday and Mr. Leavitt on Saturday. Afton McBride is at Fair Oaks with her grandmother during Mrs. Leavitt's illness.

Mrs. Margaret Reed, of Sacramento, who had been visiting her mother, Mrs. Linda J. Miller, returned to her home Saturday.

Mr. and Mrs. Elvery Dickey, of Shingle Springs, visited Mrs. MacFarland Friday afternoon.

John Smails' cottage has been leased to Mr. and Mrs. L. A. Adrian of Los Angeles. Mrs. Adrian and her daughter, Mrs. Ruth Ballow, arrived last week and Mr. Adrain and their son are expected later with their household goods.

Mr. and Mrs. Earl LeVitt were visiting the Larry Dunns' at Lake Tahoe on Sunday.

Jack Olson, of Sacramento, was a guest at the Earl Le Vitt home Sunday evening.

Rance Mac Farland joined a party of friends from Placerville and Sacramento for a picnic and swimming party at Lake Tahoe on Sunday.

This community extends deepest sympathy to Miss Muriel Hermle in the death of her father. Miss Hermle formerly taught Blairs school.

RESCUE

Mrs. Maude Dixon of Green Valley, Miss Myrtle Dixon of Santa Maria, and Mrs. Addie Dixon of Folsom, left Thursday morning for an automobile trip to Willetts, Mendocino County. While there they visited with M. S. Dixon who is engaged in Forest Service work there, and also spent one night at Fort Bragg. They returned on Sunday evening.

Miss Shirley Dixon was up from Sacramento on Tuesday evening for a visit with her folks.

The Penny Club met at the home of Mrs. Lena Engesser on Wednesday afternoon. The usual business routine was dispensed with, and a contest of naming flowers by their leaves was won by Mrs. May Wulff. A birthday cake was made by Mrs. Pearl Oates and presented to Mrs. May Wulff, it being her birthday on that date. She also received a present from the club, and one was also presented to Mrs. Mary Veerkamp, as her birthday also comes in July, the club having adopted the rule of presenting each member with a present as their birthdays arrive. The club received a nice long letter from Mrs. Dessie Holson who has arrived safely in New York.

Miss Myrtle Dixon left Wednesday for a few days' visit with the Esper family at Cool.

We understand a couple of loads of lumber have been hauled to the Mammoth Mine, and operation is expected to begin soon. We also are informed the Boulder Mine expects to put on men soon.

Mrs. Marie Grien and Miss Dorothy and Delores Oates and Miss Bertha Carver left Friday morning for Los Angeles to visit Mrs. Grien's mother, sister and brother there. On their way home they will make a visit at Yosemite Valley.

The Up and Coming Rescue 4-H Club left Saturday morning for the club camp at Lake Tahoe. The county clubs were to break camp Sunday afternoon, but the Rescue club planned on staying four days. Among those going from here were Mr. and Mrs. Vinton Veerkamp, Sr., Vinton Jr., Ilene and Harold Veerkamp, Mrs. Elsie Marden, Bill, Lois and Ann Marden, Elinor Lynch, Wm., Elaine, and Mickey Muir, Miss Ila Wing, Donna Benson, Otho, and Jay C. Wunschell, Margaret and Gordon Fisk, Stubby Tackett, and Fred Wessels, who was the program chairman.

The new piece of road from Dry Creek bridge to Greenstone road was closed for oil on Friday morning. When this is completed it will be as good as any highway, and the residents feel it is the first loop of a permanent road for the Green Valley people and appreiiate all the good work being done by our supervisor for us. The turn at the top of Webber Creek hill has also been widened at the same time. Mr. Heusner believes in making a wide road that will accommodate the ever-increasing travel, and making safer roads for the traveling public. A few miles of permanent road built every year, will complete a through road in time, and will in the end be less expensive to maintain. Again, we thank you, Mr. Heusner.

The grasshoppers have cleaned out most of the gardens in this district.

SHINGLE SPRINGS

PHYLLIS and Shirley Barton are spending a week at San Francisco with friends.

Mrs. Lizzie Harvey, from Sacramento, was calling on old friends in Shingle one day last week.

Mr. and Mrs. Frank Hunt came over from Brownsville and spent the day at the home of Mr. and Mrs. J. L. Miller. They report the grasshoppers have done a great deal of damage to the green feed used for the sheep in and about Wheatlend.

Margaret L. Barton will return to her mother's home, on Saturday after a month's visit to Mexico, Los Angeles and other points of interest in the southern part of the state.

ARTIST HUDSON BURIED FOLLOWING PRIVATE FUNERAL RITE

PACIFIC GROVE, (UP) — Private funeral services were held yesterday for Charles Bradford Hudson, 74, well known artist and writer, who died here Tuesday after a short illness.

Not only did Hudson paint in oils, but he contributed etchings for books and magazines and painted the murals in the California Academy of Science building in San Francisco's Golden Gate Park. Some of his oils hang in the Boston Museum of Fine Arts, the Royal Galleries of Sweden and the Dominion Gallery of New Zealand, as well as in many private collections.

Hudson is survived by his widow, Mrs. Grace Barnhisel Hudson and four children, Commander Lester J. Hudson, U. S. N., San Pedro; B. B. Hudson, University of California; Mrs. James Kempton, Washington, D. C., and Mrs. James Q. Brett, Alameda.

ALICE FAYE AND CONSTANCE BENNETT are consoling Nancy Kelly in this scene from "Tail Spin," 20th Century-Fox's thrilling drama of three women of the sky, playing tonight and Saturday at the Empire Theatre. Darryl F. Zanuck was in charge of production on this film which is being hailed as the greatest aviation picture in a decade.

"ONLY ANGELS HAVE WINGS" THREE-DAY FEATURE AT EMPIRE

Flying has always offered a fertile field to Hollywood producers, and the films have dramatized practically every phase of it. They have glorified the young war birds of another generation, have focused on precision miracles of air transport and have, on occasions, even projected us into the future and treated us to a preview of our great-grandchildren being whisked off to Mars in a projectile.

But the progressively important part being played by women in aviation was neglected until Darryl F. Zanuck conceived the idea of producing "Tail Spin," a smashing melodrama of women who fly, which will be shown tonight and Saturday at the Empire Theatre.

"Tail Spin" is, according to Zanuck, not so much an epic of the air as the simple, yet tremendously dramatic story of three women who go in for flying at its most dangerous.

Hailed as "1939's greatest screen adventure" by preview critics, Columbia's new Howard Hawks production "Only Angels Have Wings," opens Sunday for three days at the Empire. Cary Grant and Jean Arthur, appearing together for the first time, are starred in the new film, said to be compounded of tropical romance and thrilling adventure in South America.

YOSEMITE PARK INJURIES CAUSE OF CONCERN TO RANGERS

YOSEMITE NATIONAL PARK—A rise in the number of injuries to park visitors by bears is a concern in Yosemite according to Lawrence C. Merriam, park superintendent.

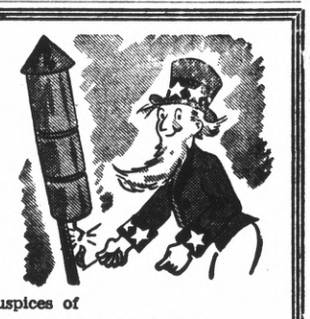

Many people persist in feeding these wild animals in spite of the stringent regulation against the feeding, touching, teasing or molesting of bears, and all too often suffer from bites and scratches and have to receive hospital treatment. Sixteen cases have been treated at the hospital thus far this season.

"Bears are one of the attractions in Yosemite," Superintendent Merriam pointed out, "but it is imperative for the well-being of park visitors as well as for the bears themselves that they be kept in as nearly a natural state as possible."

The feeding of bears along roadsides in past years resulted in many injuries from too close contact with these animals, and a year ago the regulation prohibiting the feeding and touching or molesting of bears was inaugurated. Rangers were well pleased with the hearty cooperation wihch assisted in keeping injuries at a small number last year, but the many cubs that have appeared this season are attracting too much feeding by visitors and the number of injuries has been on the increase.
